EDUCATION

Manav Rachna University <i>B.Tech in Computer Science and Engineering</i>	2023-2027 CGPA: 8.17
GBL Convent School <i>Higher Secondary School</i>	2023 Percentage: 81
Jiva Public School <i>Secondary School</i>	2021 Percentage: 91.3

PERSONAL PROJECTS

Expense Tracker	April 2026
- Built a full-stack expense management system using Spring Boot, REST API, and MySQL with a layered architecture for efficient backend processing and data management. - Developed a responsive front end using HTML, CSS, and JavaScript with Chart.js for interactive expense visualization and category-wise insights. - Implemented key features like expense tracking, real-time updates, and API testing/validation to ensure smooth functionality and reliable system performance. Technology Used: Java, Spring Boot, REST API, MySQL, HTML, CSS, JavaScript, Chart.js, Postman	
Weather Forecast Web App	June 2025
- Designed a responsive web application to display real-time weather updates for any city. - Integrated third-party weather API to fetch and display live temperature, humidity, and forecast data. Technology Used: HTML, CSS, JavaScript, Weather API	

ACHIEVEMENTS

Tech Contributor - GirlScript Summer of Code'25	August 2025-October 2025
- Contributed to open-source projects under GSSoC 2025 in a collaborative, mentor-guided environment. - Worked with Git, GitHub (PRs, issues, code reviews), and followed open-source best practices.	
Media Team Member - Coding Club	January 2026-present
- Created and managed social media content for club events. - Collaborated with the team to increase event engagement and outreach.	

SKILLS

Languages: Java(Primary) , C++/C, Python

Frameworks & Libraries: Spring Boot, REST API

Databases: MySQL

Tools & Platforms: Git, GitHub, VS Code, IntelliJ IDEA, Postman

CS Fundamentals: Data Structures & Algorithms, Object-Oriented Programming , Operating Systems, DBMS, Computer Networks.
